

To all the children & young people
who own Fordhall Farm

Change at
Fordhall
Organic Farm

BIG CHANGE begins with YOUR small steps!

2020 has been a difficult year; but in our eyes YOU are all superstars coping amazingly with no school, missing precious family, being unable to play with all your friends and many sporting activities you love being stopped. However, there are many positives! You have made wonderful memories at home with your immediate family, spent a lot of time playing outside in the fresh air and the world began to restore the oceans and our environment.

We must not forget some people have not been so lucky in these difficult times, and people are returning to bad habits that damage our precious planet. This has inspired our Appeal for Change.

We want to make the world a happier, healthier place for everyone and protect the planet and all her inhabitants for the future. We need you to help us on our mission – we hope you will accept the challenge!

Turn over to view your 'Mission' choices...

But first, warm up with our worm dance! Here's how:
FIND A GRASSY OUTDOOR SPACE...

- * Raise your hands to the sky and spin once in a clockwise direction
- * Shake your hands down by your sides and shake them side to side
- * Shake your legs in front of you, left one first then the right
- * Now stomp your feet whilst shaking your arms, keep going with it – this imitates the rain falling on the ground and you may find worms popping up!

Your Mission, should you choose to accept it is:

Donate your loose change or even your pocket money – every penny helps! Visit us and pop your change in our GIANT pig money box or pop it in the post.

Do a sponsored event – this could be a bake sale, sponsored silence, walk, or run a specific distance (maybe in fancy dress or on one leg!)

Help someone in need in your local community e.g. donate to your local foodbank, help someone in isolation with shopping or volunteer on a local environmental project.

Make a small lifestyle change
e.g. say no to that plastic straw, use a bamboo toothbrush, use charity shops instead of buying new plastic.

Have a go at growing some of your own food.

Send us your ideas on how we can make a difference to others and our planet.
Start it with: *My hope for*

Change is...
We would love some colourful pictures to support these.

If you are aged 11+ **join us for a Youth Volunteer day** and make a real difference here on the farm.

Whatever you choose to do, every little action really does make a difference and we will all be truly grateful. All we ask is that you send us a photo or a short letter sharing your achievements. We would love to see them!
