Our Mission Statement –

By restoring connections between hearts, minds and the soil, we will encourage and create meaningful change, which helps build health and resilience within people and planet.

Our Strategic Aims – the changes we strive to create (extracted from Strategy document)

1. Promote an understanding that viable small-scale farming can be in harmony with wildlife and biodiversity
2. Create educational and fun experiences which leave lasting memories and therefore create a shift in behaviour towards a more environmentally conscious society.
3. Have a positive impact on well-being through increasing people's connections to nature and the environment.
4. Provide and increase the understanding of good food made from local/seasonal produce
5. Influence innovative approaches to using farming assets and the land for the benefit of the community.
